FOR IMMEDIATE RELEASE

WEST STAR AVIATION Announces Mobile Response Team Field Support

Grand Junction, CO, November 17, 2015—West Star Aviation is proud to announce their Mobile Response Team “MRT”—supported by a wide network of MRO facilities and support shops. The MRT allows West Star to deliver their award-winning service and experience to customers when and where it’s needed.

The West Star Aviation MRT provides “in-the-field-level” repairs and modifications as well as temporary repairs necessary to ferry an aircraft to one of their closest full service MRO facilities. Locations that offer MRT service include: East Alton, ILL (ALN), Grand Junction, CO (GJT), Centennial, CO (APA), Chicago, IL (PWK) and coming soon, the newest location Chattanooga, TN (CHA).

“We understand there are situations when you are AOG, away from your home base or just don’t want to relocate the aircraft for certain repairs. We want to support all operators as needed and will dispatch a Mobile Team to get you back in the air quickly,” stated Rodger Renaud, West Star COO.

Aircraft operators in need of service can contact West Star MRT Dispatchers Randy Cissell 573-768-4197 or Rob Carnahan 618-823-3316 or use the West Star “Experience On Call ®” Mobile App.

The MRT, combined with the West Star Aviation “Experience On Call ®” iPhone Mobile App puts world class MRO support at your fingertips. The app features updated contact information that is searchable by airframe, location or service, saving you time and hassle.

Voted #1 Preferred MRO in *Professional Pilot* magazine’s annual “Preferences Regarding Aviation Services and Equipment” (PRASE) Survey for two consecutive years, West Star Aviation, Inc. specializes in maintenance, avionics installation and repair as well as complete paint and interior services for most airframes flying today. Additional capabilities include a full component and accessory overhaul and repair shop, parts support and window repair services.

In addition to its facilities in East Alton, IL; Grand Junction, CO; and Columbia, SC. West Star Aviation has satellite operations at Aspen-Pitkin County Airport in Aspen, CO, Chicago Executive Airport in Chicago, IL and Centennial Airport in Denver, CO. The company also provides complete FBO services for transient aircraft at its newly remodeled East Alton and Grand Junction facilities. West Star Aviation, Inc. is an industry leader in technical experience and expertise while providing world-class customer services in all the organization’s divisions.
